

CATHETER BAG

Materials:

- Denim or dark blue kettle cloth, 13" x 24"
- Lighter weight fabric for lining, 13" x 24"
- 2 36" pieces of bias tape, sewn closed

Instructions:

- Fold each piece of fabric in half (to 13" x 12" size).
- Sew side seams.
- Place reversed lining inside outer back and make a 1" hem at top.
- Attach the two pieces of bias tape at top corners to use as ties. Sew them on tightly.

WALKER BAG

Materials:

- 2 pieces washable material, 13" x 20" (if using drapery material, prewash)
- 2 pieces for lining, 13" x 20"

Instructions:

- Cut handles on all four pieces (see diagram).
- Sew sides and bottom of outer material.
- Sew sides only of the lining and turn inside out.
- Place lining inside outer bag.
- Sew around handles and across top.
- Turn whole thing inside out and sew bottom of lining closed.
- Sew velcro to ends of handles to close top.

Variations:

- Walker Bags may be done similar to Catheter Bags.
- Finished sizes may be 15" x 8" with ties, 14" x 14" with ties. The 14" x 14" bag might include two or three pockets inside the bag.
