LWML–Canada Sunday 2011

Dear Pastor

LWML–Canada Sunday is again set for the first Sunday in October. This letter of information comes to allow you to work this event into your planning for Divine Service.

Following consultations with a number of pastors, LWML–Canada has made some changes regarding LWML–Canada Sunday. One is to send this message to you via Lutheran Church–Canada's e-mail network...some trees saved and, we hope, providing information in a more timely and easily handled manner than when using Canada Post, especially since they are busy with a strike just now.

The other change we have made is to eliminate the full service outline and the sermon. Instead we encourage you to consider incorporating some of the other materials into your regular Divine Service. Among the things to choose from is a general prayer for the League and a litany of prayer for the mission projects supported this triennium with grant money from mites. We've also included a message for children, a service activity for the whole congregation and copies of the LWML–Canada hymns.

As we have done for the past several years, everything is posted on our website, www.lutheranwomen.ca/inspiration/lwmlsunday.htm (most are already in place and others will be there soon). Some items will be formatted and available as PDF files but most will be unformatted in an older version of Word that should be compatible with whatever you use. The Word version will allow for formatting to suit how your congregation will use it.

During the summer we will be putting together a brief video about LWML–Canada that will be suitable for playing before or after worship on LWML–Canada Sunday or at some other opportunity.

God's blessings on your service to Him and His people.

Marion

Marion Hollinger,
